Some very important points regarding firearms

Siraj Sikder

The Armed Patriotic Force of East Bengal led by the Proletarian Party of East Bengal published and produced the original Bengali document in February 1974

The Communist Party Marxist-Leninist-Maoist Bangladesh translated the document in English and published online via www.sarbaharapath.com on 26 December 2014. Party slightly edited the translation on 2 May 2017

Recently a good comrade accidentally lost his life due to incautiousness regarding firearms.

This is why it has become essential to make rules regarding arms.

These are as follows:

- 1) Do not target any firearms to any comrade/guerrilla/people; do not pull trigger
- 2) Keep caution when handing over arms, so that its barrel is not towards any comrade/guerrilla/people
- 3) Do not keep ammunition in chamber except the battle time
- 4) After battle, blank the chamber
- 5) Keep safety case down except the battle time
- 6) When doing bayonet practice or such time when to do combat drill, check your chamber whether it is blank or not; pull out magazine
- 7) Keep such materials in safe distance/place, which can make explosion
- 8) Do not exploit even a single bullet unnecessarily
- 9) Keep your arms clean regularly
- 10) Save arms even by sacrifice of life

Commander shall properly check whether or not guerrillas are abiding by those rules.

Each and every guerrilla and commander shall master those points of the circular.
